TENNANT BIOTRANSDUCER® CRYSTAL WAVE VS. PRO

Tennant BioTransducer® Crystal Wave

- Powered directly by the BioModulator®
- BioTransducer® Technology (no-touch, painless therapy)
- Transmits frequencies and voltage via carrier wave into the tissue, through skin and bone.
- Can be used through clothing, no need for direct skin contact.
- **Average Treatment Length: 15 minutes**

Tennant BioTransducer® Pro

- Cuts therapy time in half
- 10x as powerful as the Crystal Wave
- Powered by rechargeable lithium battery
- Able to be used by itself or with the Tennant BioModulator®
- BioTransducer® Technology (no-touch, painless therapy)
- Transmits frequencies and voltage via carrier wave into the tissue, through skin and bone.
- Can be used through clothing, no need for direct skin contact.
- **Average Treatment Length: 5 minutes**
